Imagine a vast collection of business apps at your disposal. Got something to improve? There is an app for that. No complexity, no cost, just a one-click install.

Each app simplifies a process and empowers more people. Imagine the impact when everyone gets the right tool for the job, with perfect integration.

If you simplify everything, you can do anything!

- Bill McDermott, former CEO of SAP

Open source

Behind the technology is a community of 100k+ developers collaborating worldwide. We're united by the spirit of open source, and a common vision: "to transform companies, empower employees".

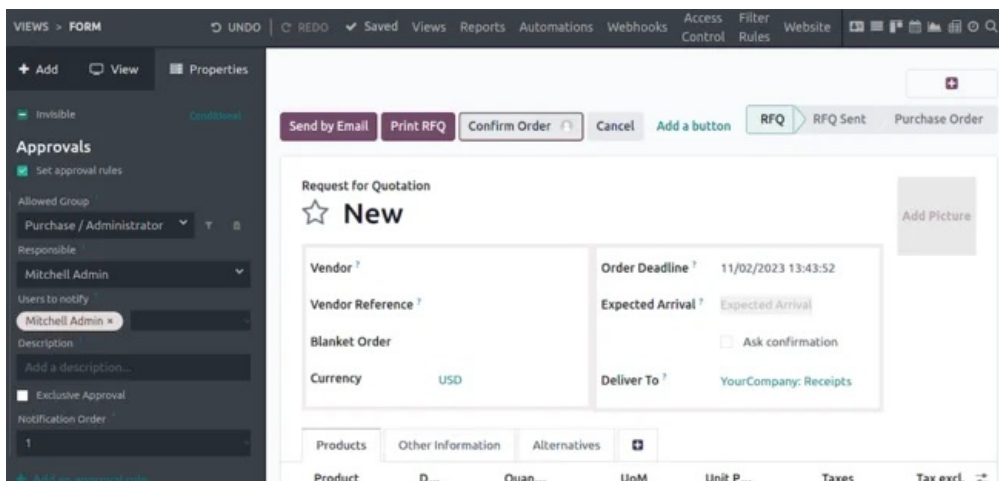

Odoo is available in two editions:

- **Community:** Open Source, 100% free.
- **Enterprise:** extra apps, infrastructure and professional services.

Highly customizable

Use Odoo Studio to automate actions, design custom screens, custom reports, or web hooks.

40k+ community apps

Thanks to its open source development model, Odoo became the world's largest business apps store. Imagine getting an app for every business needs.

No corporate bullsh*t

"With most systems, you get 70% of what you hoped. With Odoo, you get more than what you expected. You, guys, will transform the market." - Anonymous competitor

No vendor lock-in

No proprietary data format, just PostgreSQL: you own your data. No software lock-in: you get the source code, GitHub access, and the flexibility to host on our infrastructure, or on premise.

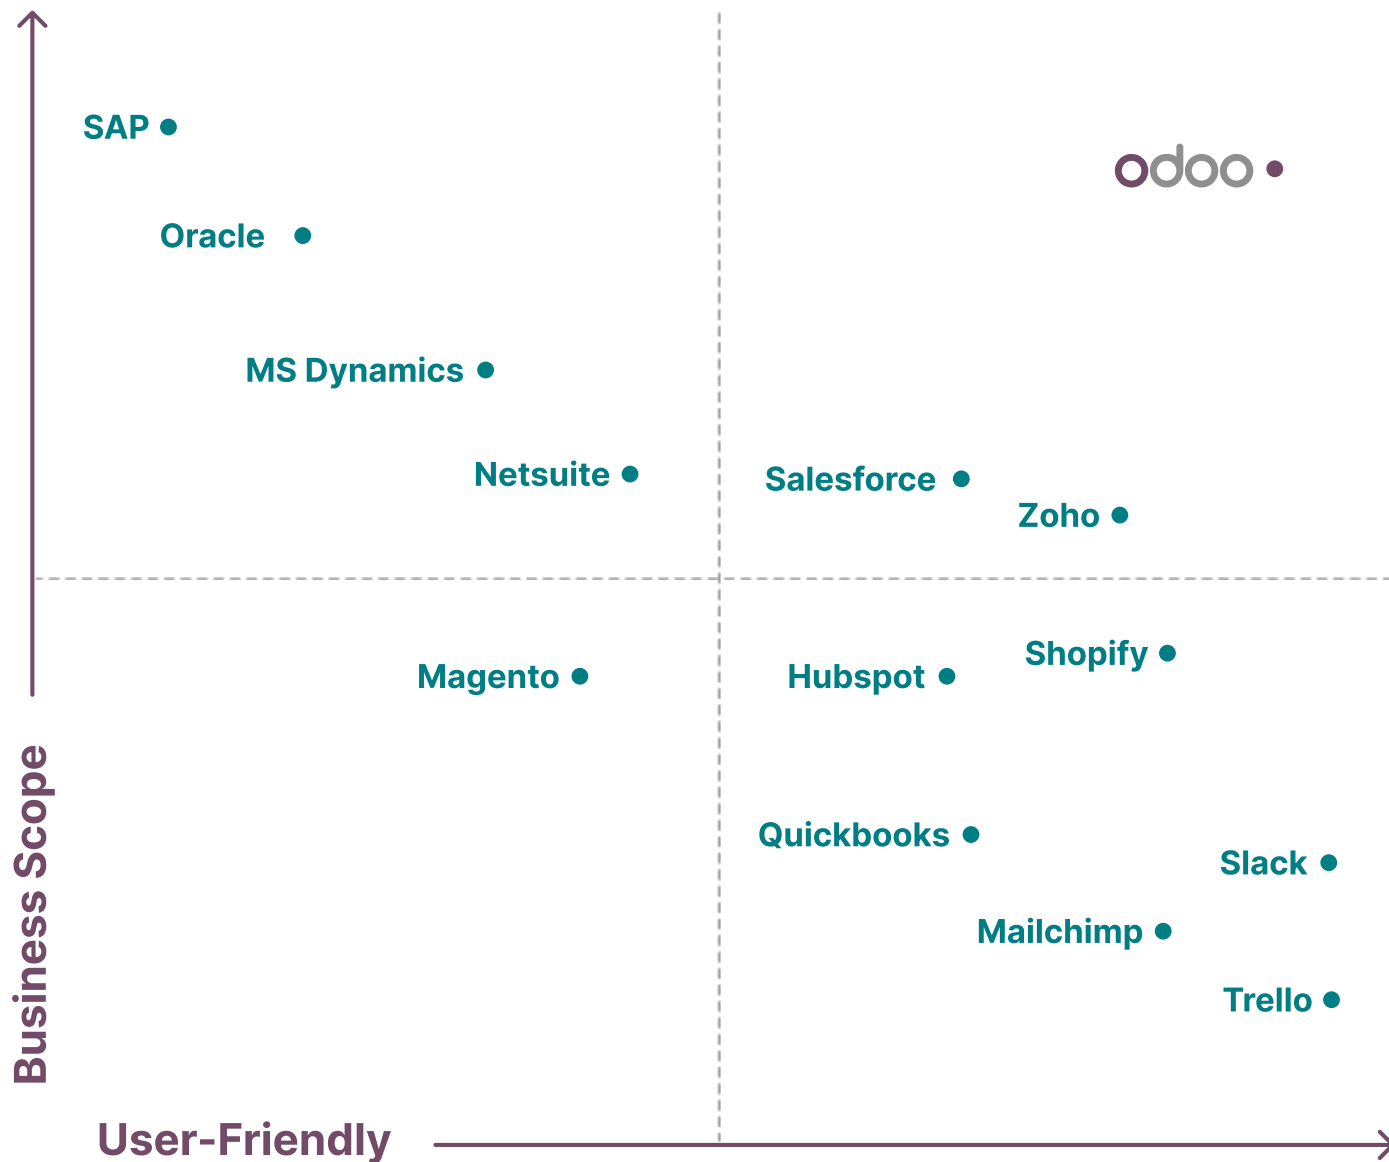

[Follow us on GitHub](#)

Fair pricing

No usage-based pricing, no feature upselling, no long term contracts, no hosting limits, no surprises... just a single price per user - all inclusive.

A unique value proposition

Join 12 million users
who grow their business with Odoo

The processing time for accounting documents has been noticeably reduced, in certain cases even from 2 days to only 5 hours. As a result we can now focus on what matters: reporting and advising the client.

Harry Van Donink
